Table of Contents	ii
Table of Figures, Diagrams, & Illustrations	iii
Introduction	v
A Few Notes	vii
Frequently Asked Questions.....	viii
FLUIDS AND FILTERS	1
Air Filter – Check and Clean.....	2
Chassis Lube.....	6
Differential – Fluid Check and Change	9
Engine Coolant – Fluid Check and Replacement	11
Engine – Oil and Filter Change	16
Fluid Level Check	18
Fuel Filter Replacement - Diesel.....	20
Geared Hub – Fluid Check and Replacement.....	24
Transfer Case – Fluid Check and Replacement.....	28
Transmission – Fluid and Filter Change.....	33
STEERING AND SUSPENSION	39
Ball Joints - Check.....	40
Idler Arm and Pitman Arm - Check	44
Steering System Check.....	47
Suspension - Check	50
Tie Rod Ends – Check.....	52
TIRES AND WHEELS	54
Wheel Alignment Check	55
Tire/Wheel Assembly - Removal and Installation.....	60
SYSTEMS	63
ABS Sensors - Check	64
CTIS System - Check	66
Driveline Protection – Removal and Installation.....	68
Vent Lines – Check	71
BRAKES AND HALFSHAFTS	73
Brakes – Checking.....	74
Halfshaft Bolt Check.....	78
MISCELLANEOUS	82
CDR Valve– Check	83
Diesel Lift Pump – Check	84
Engine Mount – Check	88
Fuel Vent Line Filter - Check.....	90
Hoses - Check.....	91
Serpentine Belt – Check and Replace.....	95
Winch – Operation Check	97
REFERENCE	103
“Vampire” – Special Section.....	104
Reference - Steering	109
Severe Operation	110
Metric Equivalents.....	112
Bolt Torque.....	113
CHECKLISTS	114
Maintenance Sequence	115
Per Wheel Checklist	116
Lubrication Checklist	117
Service Checklist.....	118

Table of Figures, Diagrams, & Illustrations

Note that the Illustration, Diagram, and Figure numbers are restarted within each section.

Illustration 1 - Inside Air Filter Canister	3
Illustration 1 – Ball Joint Grease Fittings	7
Illustration 2 – Inner Tie Rod End Grease Fitting	7
Illustration 3 – Outer Tie Rod End Grease Fitting.....	7
Illustration 1 – Surge Tank	12
Illustration 2 – Surge Tank Cap and Fill Line	12
Illustration 2 – Drain Valve.....	12
Illustration 5 – N/A Bleed Valve, Detail	14
Illustration 4 – N/A Bleed Valve.....	14
Illustration 6 – Turbo Bleed Valve	14
Illustration 7 – Turbo Bleed Valve, Detail	14
Illustration 8 – Radiator Bleed Valve, Detail	15
Illustration 1 – Fuel Filter Location.....	21
Illustration 2 – Fuel Filter and Retaining Ring	21
Illustration 3 – Fuel Filter Bowl	21
Illustration 4 – Fuel Filter	21
Illustration 1 – Fill and Drain Plugs	26
Illustration 1 – Transfer Case Fill and Drain Plugs	30
Illustration 2 – Vehicle Speed Sensor.....	31
Illustration 3 – Shim Washer	31
Illustration 4 – T-case “on the bench”	32
Illustration 5 – T-case Rubber Plug	32
Illustration 1 – Recessed Drain Plug	35
Illustration 2 – Drain Plug	35
Illustration 3 – Jack Position	36
Illustration 4 – Transmission Filter	36
Illustration 5 – Transmission Pan Gaskets.....	36
Illustration 6 – Transmission Filter (4-speed).....	37
Illustration 7 – Early and Late Filters	37
Diagram 1 – Pan Bolt Tightening Sequence (4-speed).....	37
Illustration 8 – Transmission Filter (3-speed).....	38
Illustration 9 – Filter Retaining Bolt (3-speed only).....	38
Illustration 1 – Pry bar Position, Lower Ball Joint	42
Illustration 2 – Pry Bar Position, Upper Ball Joint	42
Illustration 3 – Pliers Position, Upper Ball Joint	42
Illustration 1 – Gear Puller	45
Illustration 4 – Newer Spacer	45
Illustration 2 – Old and New Idler Arm.....	45
Illustration 3 – Spacer.....	45
Illustration 4 – Pitman Arm.....	46
Illustration 5 – Idler Arm.....	46
Illustration 1 – Steering Gear Mounting Bolts	48
Illustration 2 – Cracked Frame near Steering Bolt	49
Illustration 1 – Spring Position.....	51
Figure 1 – Toe-in	56
Figure 2 – Thrust Angle	56
Figure 3 – Caster	56
Figure 4 – Camber.....	56
Illustration 1 – Tie Rod Assembly.....	57
Figure 5 – Thrust Measurement.....	58

Illustration 2 – Incorrect Camber.....	59
Illustration 1 – Jack Position	61
Illustration 2 – CTIS line position	62
Figure 1 – Lug Nut Tightening Sequence.....	62
Illustration 1 – ABS Sensor Location.....	65
Illustration 1 – Frame Spacers	70
Illustration 2 – Brackets.....	70
Illustration 3 – Rubber Washers	70
Illustration 1 – Vent Line Connection at Air Filter	71
Illustration 2 – CTIS Air Intake Line	71
Illustration 1 – Brake Caliper	75
Illustration 2 – Brake Caliper Detail.....	75
Illustration 3 – Parking Brake Arm	75
Illustration 4 – Brake Adapter Mounting Bolt.....	76
Illustration 5 – Brake Yoke Mounting Bolt.....	76
Illustration 6 – Brake Yoke and Guide Pins	76
Illustration 7 – Brake Piston Compression Tool.....	77
Illustration 8 – Brake Yoke Mounting Bolt Tool	77
Illustration 1 – Nordlock Lockwasher	79
Illustration 2 – Belleville Washer	79
Illustration 1 – CDR Valve Location.....	83
Illustration 1 – Pressure Gauge and Adapter	84
Illustration 2 – Pressure Test Location, Turbo	85
Illustration 3 – Drain Valve Location.....	85
Illustration 4 – Early-style Drain Valve (NA)	85
Illustration 5 – Late-style Drain Valve (Turbo).....	85
Illustration 6 – Fuel Pump Location	87
Illustration 1 – Engine Mount.....	89
Illustration 2 – Engine Mount and Brackets	89
Illustration 3 – Bad Engine Mount	89
Illustration 1 – Fuel Line Vent Filter Location.....	90
Illustration 1 – Upper Radiator Hoses, 6.5l NA engine	92
Illustration 2 – Upper Radiator Hoses, 6.5l Turbo engine	92
Illustration 3 – Bypass Hose.....	92
Illustration 4 –Heater Hoses, Surge Hoses	93
Illustration 1 – Minor Cracks in Serpentine Belt.....	96
Illustration 2 – Belt Tensioner and Belt Length Indication	96
Illustration 3 – Belt Routing Diagram	96
Illustration 1 – Winch Clutch Lever	98
Illustration 2 – Winch Operation Diagram	98
Illustration 3 – Winch Operation Decals	98
